

Recycling and Trash Services...

Here's something new, and the choice is up to you!

Did you know that you can now choose **curbside** pick-up with **free**, easy to maneuver, wheeled carts for your green waste, recycling, *and* trash? That's right. In addition to the free green waste cart and the free recycling cart, your monthly service charge now also includes a free trash can – so you no longer need to provide your own!

But that's not all. The City of Santa Barbara is offering you a choice of trash pick-up services as well. While some residents may prefer to continue with the convenience of backyard service for their waste containers, others may prefer the portability and convenience of **curbside** service. The choice is now up to you!

If you prefer to take your containers to the curb each week, the city's contracted haulers will provide you with your choice of 35-gallon, 65-gallon, or 95-gallon recycling, green waste, and trash carts, depending on your current service volume. Again, all of these carts – including a new trash cart – will be provided to you free of charge.

♦ HAULER INFORMATION:

If your residence is east or north of State Street, MarBorg is your hauler and can be reached at (805) 963-1852.

If your residence is west or south of State Street, BFI is your hauler and can be reached at (805) 965-5248.

OPTION 1 Backyard Can Service

To **continue** with cans and backyard can service:

DO NOTHING

32-gallon Can

If you choose to stay with cans, the hauler will continue to collect them within 100 feet of your street. With this option, you will continue to use your own trash cans, and the hauler will provide you with green waste and recycling cans. If you would like to adjust your service level, please contact your hauler*.

OPTION 2 Curbside Cart Service

95-gallon Cart
(replaces 3 cans)

65-gallon Cart
(replaces 2 cans)

35-gallon Cart
(replaces 1 can)

To request curbside service with carts, simply call your hauler* to order!

Fiscal Year 2005 Budget

The city's proposed, one-year Operating and Capital Budget for FY 2005 is now available to the public in your choice of formats. On the City of Santa Barbara website, visit <http://www.ci.santa-barbara.ca.us/departments/finance/budget/>. From the Finance Department at City Hall, copies are available on CD-ROM. Also at City Hall, printed copies of the city budget are available for review in the Finance Department and the City Clerk's office. In addition, the Santa Barbara Central and Eastside libraries have copies at their reference desks.

In the Works

New brick sidewalks on Carrillo Street

The two blocks of Carrillo Street closest to State Street will be upgraded with new brick sidewalks beginning in May 2004, replacing the existing deteriorated concrete sidewalks, and visually integrating the area with the State Street corridor. The existing ficus trees will be protected and retained with root and crown pruning as necessary, to permit safe grades on the sidewalks. Street furnishings will include new bicycle posts and trash containers. Portions of the work will take place at night, and although the work will cause some inconvenience to the public, keeping impacts to a minimum is a primary goal. Work will be completed in approximately three-and-a-half months.

Single Family Design Guidelines Update

An additional, *Single-Family Design Guidelines Neighborhood Visual Survey* workshop has been scheduled:

Upper Eastside & Downtown Workshop:

May 26th, 6:30 p.m.

Louise Lowry Davis Center, 1232 De La Vina St.

All residents are invited to Steering Committee meetings regarding the Guidelines.

Next Steering Committee Meeting:

May 28th, 1:30 p.m.

David Gebhard Room, 630 Garden St.
